

MAD Camp:

MAD Camp stand for: Music, Art, Drama

During this week the campers make up songs and skits and plays that they perform for other campers.

There is lots of singing and dancing and just having fun with it all.

They make musical instruments to use or they can bring from home if they wish.

The art is more complex and these masterpieces they may take home if they wish.

The weekly sessions are based around these things but with waterfront they do drama games and of course still have the camp experience of being in the bush, swimming, doing arts and crafts and playing wide games but during the day we do more musical activities.

This camp week is geared to children who enjoy singing and dancing. So, if your child is comfortable with these activities, then this is the week for them.
